To Our Valued Clients

President & CFO). They are continuing the long-standing tradition of a family-owned, community bank. The development and success of my family, as well as our clients and communities, are my priorities as Chairman of the Board.

Today, F&M Bank exists for three very important reasons. First, to allow our clients to live out their personal and professional dreams. We exist to serve you, our valued clients. Second, to encourage our team members to live out their best versions of themselves. Third, to make a greater impact in our communities collectively versus individually. As F&M Bank continues to build upon our culture statement of “One Team, One Culture, with One Vision”, we strive to continue to keep these three reasons (our “Why”) at the forefront. A perfect example is our F&M Cares program. In the last 25 years, our team has personally donated over \$200,000 to local families or individuals in need. I am incredibly proud of our team for their participation in this impactful program.

F&M is a true community bank. The decision makers at F&M are local people focused on the unique needs of our clients and community. We have outstanding financial strength and the ability to provide a wide variety of financial services, while simultaneously adapting to new technologies, delivering safe and sound banking products and services to our clients. We continue to strive to “Exceed Expectations” and we look forward to serving you for another 100 years.

On behalf of our shareholders and the entire team, I want to sincerely thank you for the continued patronage and loyalty to F&M Bank.

Sincerely yours,

Mike
